

NOTICE TO STATE WATER PROJECT CONTRACTORS**Date:** JAN 26 2016**Number:** 16 - 01**Subject:** 2016 State Water Project Allocation – 15 Percent**From:**

Handwritten signature of Mark E. Andersen in blue ink.

Mark E. Andersen
Acting Deputy Director
Department of Water Resources

The Department of Water Resources (DWR) is increasing the allocation of 2016 State Water Project (SWP) water for the long-term contractors from 422,848 acre-feet to 631,115 acre-feet. Due primarily to recent storms, SWP supplies are projected to increase from 10 percent to 15 percent of most SWP contractors' requests for Table A water, which totals 4,172,786 acre-feet. Attached is the updated 2016 SWP Allocation Table.

In addition, DWR received requests for delivery of SWP contractors' allocated carryover water from previous years totaling 184,274 acre-feet based on the 2015 Water Delivery Finalization Report. DWR approves all requested carryover water for delivery in 2016.

This allocation increase is made consistent with the current and projected hydrological conditions and also with the long-term water supply contracts and public policy. DWR considered several factors, including California's persistent drought evidenced by below normal runoff compared to rain received thus far this winter and resulting continued low storage in SWP conservation facilities; SWP operational constraints under its water right permits; the Biological Opinions for Delta Smelt and Salmon; the Longfin Smelt incidental take permit; and the 2016 contractors demands.

If you have any questions or need additional information, please contact Craig J. Trombly, Acting Chief, State Water Project Analysis Office, at (916) 653-4547.
